

The Chronicle Sunshine Fund is a North East based charity that enhances the lives of local children with disabilities by funding equipment to meet their specialist needs. We support babies, children and young adults up to their 19th birthday with equipment such as specialist beds, wheelchairs, trikes, IT and sensory equipment.

We receive no statutory funding and so we rely solely on the support and generosity of local organisations and individuals to raise £450,000 annually. As the equipment we fund can be costly and specialist, our families are unable to access it through the NHS or Social Services, nor can they fund it themselves, and so for many families in our region, The Chronicle Sunshine Fund is a lifeline of support.

We are proud to say that we are not means tested. We believe regardless of a family's financial situation or income, every child with a disability deserves the life changing equipment they so desperately need.

By supporting The Chronicle Sunshine Fund, you are supporting disabled children right here in the North East. You are making a significant difference to the lives of these children, giving them the opportunity to have independence, to learn, to feel safe and to have a greater quality of life. In the past 12 months alone we saw a 35% increase in equipment applications and so we need your support now more than ever.
